

Private Networks
BIZDAT® HELPS YOU
BUILD **PRIVATE NETWORKS...**
Unique Services
OFFERING **UNIQUE SERVICES,**
PLUS CUSTOM **WEB SOLUTIONS,**
Web Solutions
AFFORDABLE BY **ANY ORGANIZATION.**

*Dear **Mr. President** and **Council** members,
BizDat® is proud to propose a powerful communications tool...*

Collaborative private network(s)
supporting all key agencies / functional groups of the
USA Freedom Corps

'USA Freedom Corps' underlying principle...

"Our great challenge is to encourage this outpouring of service and civic pride – and harness it to a great national purpose."

- President George W. Bush

'Freedom Networks' can give the 'USA Freedom Corps' multiple collaborative private network solutions to...

- Serve as a web-based, intranet-style mechanism to support efforts between all agencies & volunteers
- Build teamwork and better leverage expertise by helping groups collaborate more efficiently and effectively.
- Encourage 'community spirit' by sharing ideas, soliciting feedback, recognizing achievements , etc.
- Track progress using network statistics... and more...

Here are just a few potential uses...

The **USA Freedom Corps Council** could...
post information, documents, resource links, and instant
'heads-up' alerts to key agencies, and external organizations, etc.

The **Citizen Corps** could...
collaborate with FEMA, law enforcement, fire and medical services,
businesses, faith groups and more.

The **Americorps** and **Senior Corps** could...
coordinate activities, projects and increase volunteer effectiveness
through better team collaboration.

The **Peace Corps** could...
build stronger volunteer communities and help them interact with
family, friends anywhere in the world.

***The 'Freedom Network' could even serve as an
electronic 'Town Hall' for the general public.***

It could work something like this...

A collaborative private network!

Easily create / manage groups!
No help needed from I.T.!

At a leadership level...

Leaders form groups for **Council / Key Teams...**

Teams form groups for **Citizen, Americorps, Peace Corps** and more...

At a functional level...

Project teams coordinate with **staff & volunteers...**

More groups form for **training & information...**

...and so on, and so on, and so on...

... and here's what they could do...>>>

***** MEETING INVITATION *****
 Please "Accept" or "Decline" using the instructions below!

Subject: Test Meeting #2
 Date: 7/11/00
 Time: 1:00PM - 1:00PM
 Location: BizDat

Here is my second invitation (like I did before). The only difference between this one, and the previous one is that, I have changed the Primary Group from Personal to WoodlandComm.

Your quick response to this invitation is greatly appreciated!
 Thanks, Gary Walker

Lighthouses of Prayer - Message (Plain Text)

From: Matthew Snyder [matt@bizdat.com] Sent: Fri 8/25/00 7:08 PM
To: cindy@bizdat.com
Subject: Lighthouses of Prayer

A Lighthouse is a family or group of friends who are willing to pray for the people who live in their neighborhood. Typically each Lighthouse is responsible for praying for about 85-100 people (approximately equal to a neighborhood block). That's about 25 homes in your neighborhood.

We follow the passage in Luke 10:5-9 where we:

Start by praying blessings over each house and family in our block. Tell them we are praying for them as we begin to become friends with them. Ask and pray for any felt needs they have and when God answers those prayers, Tell them the Kingdom of God is near.

As an example, using "Groups" you could create 2 or 3 groups and invite groups (i.e., a staff group for employees, the company softball team, etc.) will learn the benefits of "sharing" across groups.

Also, using the "Tools" you could be sure to send out occasional email notifying them of new Polls, Discussions etc. that have been posted for

Posted: Jul 10 2000 3:39PM by [Gary Walker](#)

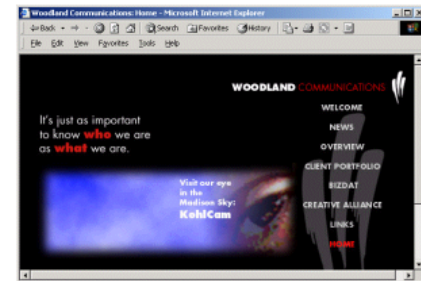

Here's a good one from Maureen O'Brien (Perinatal Foundation). She proposed using the "Polls" tool, to get feedback from people on the "best date" to have a meeting. Her idea, we will want to enhance Polls to include a "rating" style Poll.

This would not be terribly difficult, and the payback could be huge in terms of usage of the Polls tool, and gives users more reasons to visit the site and Administrators more reasons for sending out group email.

PRESS RELEASE

For Immediate Release

The Countdown Has Begun! Roll Out The Old, Roll In The New!

Madison, WI – Woodland Communications rolled out a complete new re-launch of their web site today. To celebrate, a New Year's countdown clock begins counting the hours, minutes and seconds to midnight. And immediately after the stroke of midnight the clock changes to a Y2K countdown that will stay on the site all year long... remember, the clock is ticking!

The site has an entirely new look and navigation interface. Many new features allow site visitors to experiment with a wide variety of internet technologies. The

Key Benefits...

- **Multiple, connected, custom private networks with eight integrated collaboration tools**
- **An immediate, turn-key, intranet-style solution**
- **Provides leading-edge tools users need and expect**
- **Builds 'volunteerism' through better collaboration**
- **Helps teams work more efficiently and effectively**
- **Encourages feedback and participation**
- **Provides data for tracking and analyzing progress**
- **Multiple security levels / global accessibility**
- **Leading technology / supports millions of users**

BIZDAT® is READY NOW for IMMEDIATE DEPLOYMENT...
we could be operational in a matter of weeks!

In Closing...

Thank you for taking the time to review our proposal. We believe there is a great need for web-based solutions that allow organizations, businesses, schools, faith groups, volunteers, civic groups and even families to privately communicate more efficiently and effectively. This is the fundamental reason for why we created BizDat® and our unique BizDat Networks™ technology.

Further, we're excited about the USA Freedom Corps because our nation has so many great service organizations and there is such a renewed patriotism now inspiring our people to service. It is a great vision, and we hope that our solutions can help play a role in harnessing the awesome strength and generosity of the American spirit.

We believe BizDat was destined for this purpose and will contribute significant additional time toward it's success.

***We hope to hear from you soon...
we're anxious to get busy!***

**“Building community through
better collaboration is what we do!”**
